

THE ONYX COLLECTION

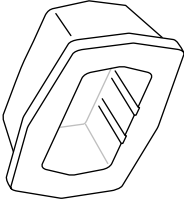

Substitute Soap Caddy Template

The templates that come with our Soap and Shampoo Caddies are pre-cut cardboard shapes that are ready to be traced onto the wall to give you a guide for cutting your hole. This substitute template option is offered online as an emergency replacement for a lost cardboard one, or to show the size and shape of the hole before the caddy arrives. You can print this page, cut out the shape and trace it onto the wall, or just use it to help plan your installation. When printing any PDF file, make sure any "Shrink", "Expand" or "Scaling" options are turned off in the printer dialog, and "Center" is turned on or you may get unexpected results. Dimensions and rulers are shown to help you know if your printer made it the correct size and allow you to modify the size of the picture if necessary before cutting it out for tracing. Call 1-800-669-9867 if you need assistance.
