The templates that come with our Soap Caddies are pre-cut cardboard shapes that are traced onto the wall to give you a guide for

This substitute template in PDF format is offered as an emergency replacement for a lost cardboard template. Measure the size and shape of the hole before the

This template is too large to be printed on one page, so you will need to print all the pages, tape them together according to the alignment lines and then trace the shape and trace it onto the wall, or just use it to plan your installation.

When printing a PDF file, make sure the "Scale" and the "Expand" option are turned **off** in the printer settings. "Center" is turned on or you may get unexpected results. Make sure you print the whole document and you have all the parts.

Rulers are shown along the perimeter to help you check if your printer made it the correct size and alignment. Measure the size of the pictures if necessary before printing and cutting out the shape for tracing.

Call 1-800-669-9867 if you need assistance.

The templates that come with our Soap and Shampoo Caddies are pre-cut cardboard shapes that are ready to be traced onto the wall to give you a guide for cutting your hole.

This substitute template in PDF format is offered online as an emergency replacement for a lost cardboard one, or to show the size and shape of the hole before the caddy arrives.

This template is too large to be printed on a single page, so you will need to print all the pages, tape or glue them together according to the alignment lines and marks, cut out the shape and trace it onto the wall, or just use it to help plan your installation.

When printing a PDF file, make sure the "Shrink" option and the "Expand" option are turned **off** in the printer dialog, and "Center" is turned on or you may get unexpected results.

Make sure you print the whole document so you will have all the parts.

Rulers are shown along the perimeter to help you know if your printer made it the correct size and allow you to modify the size of the pictures if necessary before assembling them and cutting out the shape for tracing.

Call 1-800-669-9867 if you need assistance.
